

Why my [family member] is leaving the house

	<p>My [family member] is sick</p>
	<p>[They] might have COVID-19</p>
	<p>My [family member] has to go somewhere to try to get better</p>
	<p>I won't be able to visit my [family member] while they are away</p>

This might make me feel upset

I can talk to my family or friends or my key worker if I am upset
